WORK EXPERIENCE

Proexe

May 2016 — Present

Android Developer

Development of new projects on Java and Kotlin using modern language features, libraries and Android API.

Received minor experience in JNI and C++.

Among additional responsibilities was minor support of documentation for a project.

Freelancer

Jun 2015 — July 2016

Android Developer

Working as a freelancer Android developer to obtain practical skills in Java and Android SDK.

I was working mainly alone, but some projects were in a small teams of 3-5 people.

Some projects required basic knowledge of Python, JavaScript and PHP, as that projects required some control over backend.

QUALIFICATIONS

Even though I was mainly working as Android developer, I have minor knowledge of C++ and have little experience in basic Backend Development, that included some PHP and NodeJS knowledge, and MySQL.

Due to studies, I am currently learning C++, Python and R.

Among popular libraries for Android development, I have experience with and mainly used:

Retrofit2, Dagger 2, RxJava, OkHttp, Retrolambda, Picasso, ORMLite, Realm.io, GSON, Google Play Services SDK, Paypal Android SDK.

Among popular APIs, on previous projects obtained experince with Facebook API and Instagram API.

Russian and Ukrainian - Native

English - C1 (IELTS - 7.5)

Polish - B1

EDUCATION

Master of Arts in Quantitative Finance

Sep 2016 — Present

University of Warsaw

Bachelor of Science in Finance and Credit

Sep 2011 — Jun 2015

Odessa National Economic University

Interested in corporate finance, investment theory, money theory, statistics and mathematics.

Bachelor of Science in Law

Sep 2011 — May 2016

Odessa National University

Interested in constitutional, civil, corporate and finance law.

INTERESTS

I am interested in Programming and application of Mathematics in Finance. That's why my current studying program Quantitative Finance is perfect for me as it needs

knowledge of both these subjects.

Having economic background, I am currently focused do get experience in Software Developing.
